JACKSONVILLE WINS

The Jacksonville chapter took the Travelling Trophy back north this year. Mr. Chris Greiner, past president of the Jacksonville group said that he had been trying to get his members to come to the annual meeting for a number of years so they could win, but just couldn't cut the mustard. So this year when he didn't beg them to come they had 33+%.

The trophy is awarded to the chapter with the largest percentage of their members in attendance at the convention. They get to keep the trophy for one year unless they can win again the following year. The Ridge chapter had won the trophy for two years in a row.

PLEASE SEND PHOTOS

The executive secretary had trouble with his color camera at the MOD Party and would like to have prints of your pictures if you got some good ones. Any other convention pictures will be welcome also.

He had trouble with his long hair and beard also. How do you stand it, gals?
